BIOGRAPHY

Andrea Matijevic (1995) is a junior researcher at the Institute for Political Studies, Belgrade and a PhD student at the Faculty of Political Sciences, University of Belgrade. She finished her bachelor studies at the Faculty of Political Sciences, Belgrade, majoring in International studies, and two master programmes: one at the Faculty of Political Sciences, Belgrade at the department for International politics, and the other one at the Faculty of Economics and Business, University in Belgrade, at the department for International Economic Relations. She is the author of the monograph titled “The rise of Chinese yuan as the international reserve currency” (Institute for Political Studies, Belgrade, 2022) and the co-author of the monograph titled “Local economic and sustainable development in Serbia” (Institute for Political Studies, Belgrade, 2022). In addition, she authored dozen of papers published in scientific and professional journals and edited books. She has also presented at scientific and professional conferences and worked as a consultant for non-governmental and civil society organizations.
